## GALILEO™ CONSISTS OF:

- A one week period of activity measurement using the unobtrusive StepWatch
- Easy HIPAA-compliant upload of patient data to a secure Web server for assessment using proprietary algorithms
- Patient record and functional level report is downloaded by the clinician for incorporation into the claims filed with the payer

## STEPWATCH™ TECHNOLOGY:

- Developed with the support of the National Institutes of Health
- Over 80 peer-reviewed publications recognize its accuracy
- Instrument of choice in the pharmaceutical industry to measure physical activity among clinical trial subjects
- Users include the Mayo Clinic, Johns Hopkins University and the Dept. of Veterans Affairs
- Leasing program available for StepWatch monitors with unlimited functional reports. Leases are billed quarterly. Talk with your SPS Sales Manager or SPS Customer Service today at [800.767.7776 x3](tel:800.767.7776) to discuss which Galileo package is best for your business.

StepWatch is recognized as a gold standard in physical activity monitoring
